Graphic Novels for Our Students

As we gear up for the new school year, it's an ideal moment to reflect on ways to strengthen our schools' cultures. At JIMENA, we encourage you to begin with a self-assessment to ensure that your school environment truly includes and reflects Sephardi and Mizrahi students, families, and communities. JIMENA's newly launched [Sephardi & Mizrahi Educator Toolkit](#) is designed to assist you in evaluating the culture of your classrooms and identifying who is represented in the "we" of your school community.

This toolkit provides specific content recommendations and resources tailored to various disciplines, including Tanakh, Halakhot/Minhagim/Tefila, Israel, Jewish History, Holocaust, Art & Music, Literature, and STEM. By utilizing our [General Recommendations For All Classroom Teachers](#), you can create culturally competent learning experiences and share these valuable resources with your school today.

Educators can also benefit from [JIMENA's Lesson Plans for Public Schools](#), thoughtfully curated to support the U.S. National Strategy to Counter Antisemitism recently released by the White House. While these lessons align with state standards and serve as an excellent resource for public school educators, they are also highly relevant for Jewish day schools and religious schools.

As we return to the classroom, it's equally important to consider the diversity of Jewish histories and perspectives in our school libraries. Take the time to explore JIMENA's updated recommendations for

[Sephardi and Mizrahi Children's Books](#) to enhance your students' selection of Jewish literature.

The background shows Oracle Park with a large red and white "SF" sign and a large brown leather glove. At the bottom of the image, there is an orange banner with the text "SFGIANTS.COM/SPECIALEVENTS", the Visa logo, the Giants logo, and a "SPECIAL EVENTS" badge. A small disclaimer at the bottom right of the banner reads "*ITEM SHOWN MAY NOT BE FINAL PRODUCT".
